Southern Security company is gradually but surely absorbing the stock of this road. When they shall have become the owners of the larger portion, their semi-annual payments will be lightened by the fact that most of what is paid will be received by those who pay. It is believed that any good, round lot will be taken at the rates which have lately been prevalent, say from 20 to 21; but small lots are neglected and left to take their fate. Somebody will accumulate them, and they will gradually come to the same safe condition of Southern Se.
